appropriated by Congress for the James town Exposition has been taken by the government. In a letter received to-day by Mr. Barton Myers, Governor of Ways and Means of the exposition, from Secre-tory of the Treasury, Lesdie M. Shaw, the announcement was made that M. Paul Maylean, special disbursing agent of the Jamestown Ter-Centennial Commission,

had been designated to disburse the fund known as the "Aid to the Jamestown Exposition." or the appropriation made by Congress for the fair.

It was stated in the leater that Mr. Machean's office will be in Room No 28t, to the Treasury Department, at Wash's legton, D. C., and that he would enter upon life duties at once, paying all vouchers against the fund that are sent to him properly authorized.

It is probable that the officials of the exposition will invite Mr. Machean to visit Norfolk at an early date.

For Charles E. Verdler and Mr. R. H. Sexton, Chief of Congresses and Special Events of the Jamestown Exposition, will leave Norfolk next Saturday night for Atlantic City, N. J., to invite the American Institute of Homeopathy to hold its annual session in Norfolk next year. In addition to the invitation from Dr. Verdier and the exposition, Governor Swanson will urge the institute to meet in Norfolk.

The American Institute of Homeopathy has about 5,000 members.
